

These Sailors  
rig the  
barricade,  
while wearing  
the right  
equipment,  
even though  
it's only a drill!

Standing on top of an aircraft without a cranial, whether it's for an air show, a concert or a visiting dignitary, is wrong. Remember the first rule of ORM is to take no UNNECESSARY risk.

Things quickly  
can turn from  
good, to bad, to  
ugly. You need to  
be prepared for  
the unexpected.
